

Abby Normal

Let's face it; every now and then things just aren't as straightforward as they seem, instead they will turn out to be complex, intriguing and perhaps with a little luck, slightly askew.

Abby Normal is anything but ordinary, dull or what is considered "normal" in a beer. Rather, its extraordinary range of flavors and an uncommon depth of character make it what it is – "Abby Normal".

Abby Normal is a Tripel Abbey-style Ale brewed with Belgian Candi Sugar. Abby's complicated flavors are of sweet caramel malts, honey and molasses, accompanied by intricate notes of spice, and tart green apples with a floral hop garnish.

Availability: Seasonal - Released July 5th

Packaging:

12 oz Bottles in 6-packs
