

Lime Twist

Sometimes, you just want to sit back, relax and enjoy a cold, thirst-quenching beer; no complications, no distractions, simply a refreshing beer.

***Simple Times, Simply Refreshing
– Lime Twist***

Lime Twist is different from other wheat beers. Lime Twist is light and refreshing LAGER. It is brewed with gently kilned wheat and barley malts and a twist of real lime extract (no artificial flavors).

Lime Twist's delicate wheat flavors are very subtle, simple and low key; perfect for relaxing. Its thirst-quenching citrus and lime flavors accentuates Lime Twist's crisp, clean and refreshing finish.
